Once I had a love like a water fountain, filled me to the brim in so many ways

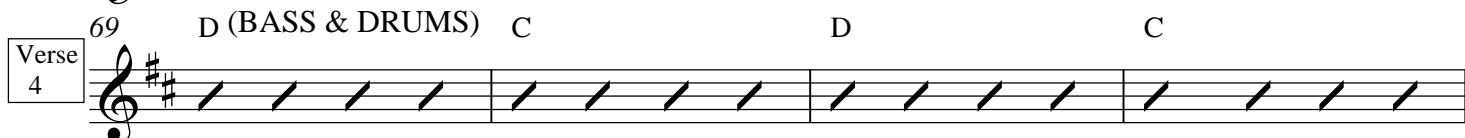

Said that I could stay on one condition, promise him my heart for the rest of my days well

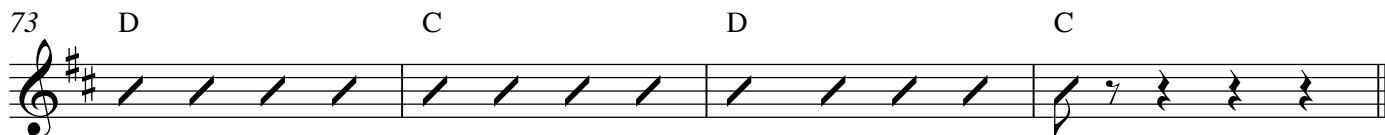

Can I get anything at all for free? Can I get anything at all for free?

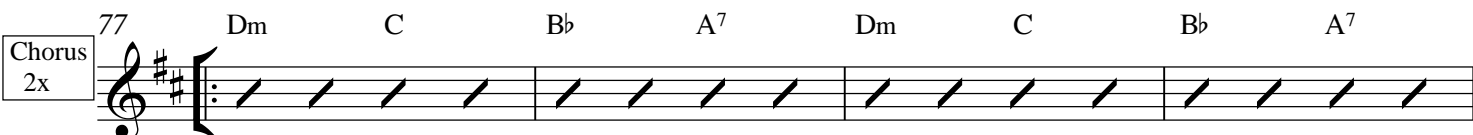

Can I get anything at all for free cause if it don't cost nothin' than it ain't for me

You can take a bite when no one's lookin', you can sleep at night when nobody's home, but

Don't tell a soul 'cause if they know what's cookin, they'll never let it go won't leave you alone, no

Can I get anything at all for free? Can I get anything at all for free?

Can I get anything at all for free cause if it don't cost nothin' then it ain't for me
